SPACE TECHNOLOGY DEVELOPMENT PROGRAM

The Canadian Space Agency's **Space Technology Development Program** (STDP) supports the growth of the Canadian space industry. Contracts and non-repayable contributions are awarded to Canadian organizations to support development of innovative technologies with strong commercial potential. Since 2008, STDP has invested close to $200 million to support the development of over 300 space-related technologies by more than 100 organizations.

DAIR CLOUD PROGRAM

More than 2,000 Canadian businesses have benefited from the **Digital Accelerator for Innovation and Research**. If you're building or developing a commercial product or service (with fewer than 500 employees), then you're eligible to access DAIR resources for rapid and scalable design, development, validation, and demonstration of your product or service. DAIR lets startups, early stage businesses, and small & medium-sized businesses:

- Rev up new product introduction - get to market faster
- Test and validate new features on your existing products
- Reduce product development time and costs
- Learn with experienced entrepreneurs
- Build prototypes to showcase to customers and investors
- Work with various architectures, operating systems, and scalability options

DID YOU KNOW ...

... that **Shopify Capital** offers capital to businesses who are also Shopify stores? Get up to $5 million far faster and with far less stress than traditional sources. Shopify knows your business and provides solutions designed for you. How does it work?

- Funds deposited into your account
- Real-time offers based on your sales
- No personal credit checks or compound interest
- Hassle-free, online application

- Funding in as quick as two days if approved
- Top-up and renew early
- Flexible payments from your store's sales
- Fully integrated solution
