

## CANADABUYS

We first looked at [CanadaBuys](#) in July 2023. It's the home for doing business with the Government of Canada and the broader Canadian public sector and makes procurement simpler, more efficient, easier to use and includes:

- a website with information on how the process works, helpful how-to guides, and other useful resources
- a single place to view tender opportunities from federal, provincial and territorial governments
- the SAP Business Network, which allows businesses to bid on opportunities posted by PSPC.

## INNOVATIVE SOLUTIONS CANADA

[Innovative Solutions Canada](#) helps Canadian innovators start, grow, and get to market. Land the government as a client, retain your IP rights, maintain equity in your company, and receive 100% non-repayable funding. Typical funding is **\$150,000 for Phase 1** and **\$1,000,000 for Phase 2**. ISC partners with SMEs through two streams:

**Get funds to solve challenges** - ISC sets it, you solve it. Compete for funding to prove the feasibility of your solution and build a prototype.

**Get funds to test your innovation** - ISC buys it to test it. Apply for funding to test your innovation in real-life settings.

## DID YOU KNOW ...

..... the [Canada Council](#) helps individual artists, groups and arts organizations engage in projects and activities. [Grants](#) are available for those who have specialized training and are recognized as professionals by other artists in the field of practice. For the year 23/24, **\$308.8 million** was distributed to **5,910 artists, groups, and organizations**.

### GOVERNMENT FUNDING OPPORTUNITIES

NON-REPAYABLE: GRANTS & COST CONTRIBUTIONS
